Working on the FBU, I have a sense of pride. We are a family and always have each other's back. We see a lot of good and a lot of bad, but one thing is you'll never deal with anything alone. We always come together in emergencies or when needed. We have a variety of new grads and senior nurses, there's always someone to help, and something you can learn.

- **Andrea, Perinatal RN, Family Birthing Unit**
