

Registered Nurse - Perinatal Nelson, British Columbia

Are you interested in joining a cohesive nursing team focused on quality patient care? **If you are a trained and experienced RN in Perinatal and Medical/Surgical, we want to hear from you! We have two Relief Full Time opportunities and one Relief Part Time opportunity available.**

Located in the beautiful community of Nelson, the Kootenay Lake Hospital Obstetrics Department is a very active and busy unit. Our nursing team work collaboratively to provide outstanding perinatal care.

We are looking for a self-directed, motivated, reliable and flexible Registered Nurse who enjoys working in a team environment and has a strong desire to learn. Put your perinatal & medical/surgical nursing skills into full motion and join the passionate and welcoming nursing staff.

We have a very active maternity unit where all nurses cover labour, delivery and postpartum as well as some nursery for minor issues, growers and infants being stabilized prior to transport out. Nurses must also be able to care for post-operative gyne surgery patients and overflow medical patients. There are three delivery suites, three post-partum beds and ten bassinets with 350 deliveries a year.

Located on the shores of beautiful Kootenay Lake and surrounded by the Selkirk Mountains is the picturesque community of Nelson, BC. Lush parks, colourful gardens and over 350 heritage buildings give the city of Nelson a unique charm. Known as "City of the Arts," Nelson has been consistently ranked as the number one small town arts community in Canada. Residents enjoy a wide range of leisure pursuits, including hiking, biking, boating, fishing, golfing, and skiing. Nelson is an economically diverse community supported by small retail businesses, tourism, and internet-based businesses.

Qualifications:

- Graduation from an approved School of Nursing with current practicing registration with British Columbia College of Nurses and Midwives (BCCNM)
- Advanced preparation in a Perinatal clinical specialty or an equivalent combination of education & experience
- Current Fetal Health Surveillance
- Neonatal Resuscitation Program (NPR) within 2 years
- Cardiopulmonary Resuscitation (CPR) within 3 years
